I. Overview

The Clean + Baby is designed for an effective cleaning and Safe cleaning of baby care goods. without any chemical surfactant, emulsifier, coloring, alcohol or artificial additives.

The Clean + Baby is applied for strollers, walkers, carriers, feeding pillows (seat), car seats and so forth So, it will be a much help for Mom & Baby.

II. Features

WHAT IS clean plus baby?

Clean plus baby, an ultra-strong electrolytic water detergent is a kind of ionized alkaline water with over Ph 12.5

While electrolytic alkaline ionized water with pH12.0 takes 3 hours to eliminate the harmful bacteria, the Ultra-electrolytic water with pH12.5 takes only 30 seconds to eradicate harmful bacteria including 0-157 E. coli bacteria, Vibrio, Salmonella, etc.

At this time, in particular, by creating very strong level of Ultra-electrolytic water with **pH13.5** level, we can give a good quality product with reasonable cost to our customers

III. Advantages

- ❖ **Sterilization** : 99.9% within 30 seconds.
- ❖ **Deodorization** : Excellent effect to remove tobacco odors and other unfriendly smells without its own fragrance.
- ❖ **Washing** : It has a strong penetration and separation ability to degrade the protein and oil instantly
- ❖ **Bio-safety** : Colorless, Odorless, Harmless.
- ❖ **Eco-friendly** : Without using any surfactant, emulsifier, artificial colors, preservative or any harmful chemical additives.

IV. Product Types

New Arrival
